If we can sustain the standard of Female education raised first in this country by Mrs. Isabella Graham, of New York, we shall be happy indeed. As an instructress, she labored to communicate, first rudimentary principles. So do we. *Sae* thought that the ornamental cost too dearly, when purchased at the expense of the solid parts of an education. So do we. And above all, *sae* believed that the cultivation of the mind should always be accompanied by a cultivation of the heart. And so do we. In conducting our school then, we will endeavor to lay a solid foundation, and build upon it, a substantial structure, embellished with the ornaments of *Truth and Love.*

The Daily National Whig.

Is published in the city of Washington, every day at three o'clock, P. M. Sundays excepted, and served to subscribers in the City, at the Navy Yard, in Georgetown, in Alexandria, and in Baltimore the same evening, at 6 1/2 cents a week, payable to the sole agent of the Whig, G. L. Gilchrist, Esq., or his order. It is also mailed to any part of the United States for \$4 per annum, or \$2 for 6 months, payable in advance.

The National Whig is what its name indicates. It speaks the sentiments of the Whig party of the Union on every question of public policy. It advocates the election to the Presidency of Zachary Taylor, subject to the decision of a Whig National Convention. It makes war to the knife upon all the measures and acts of the Administration deemed to be adverse to the interests of the country, and exposes without fear or favor the corruptions of the party in power. Its columns are open to every man in the country, for the discussion of political or any other questions.

In addition to politics, a large space in the National Whig will be devoted to publications upon Agriculture, Mechanics, and other useful arts, Science in general, Law, Medicine, Statistics, &c. Choice specimens of American and Foreign Literature will also be given, including Reviews, &c. A weekly list of the Patents issued by the Patent Office will likewise be published—the whole forming a complete family newspaper.

The Weekly National Whig, one of the largest newspapers in the United States, is made up from the columns of the Daily National Whig, and is published every Saturday for the low price of \$2 per annum, payable in advance. A double sheet of eight pages will be given whenever the press of matter shall justify it.

The Memoirs of General Taylor, written expressly for the National Whig, are in course of publication. They commenced with the second number, a large number of copies of which have been printed, to supply calls for back numbers.

Proprietor of the National Whig.

May 19, 1846. }

I have used in my family Dr. Hull's Fever and Ague Pills, and also Dr. Spencer's Vegetable Pills, for the last two years, and have no hesitation in pronouncing them to be the most excellent family medicines—and as an act of justice to the worthy proprietors of these invaluable Pills, I will state, for the information & satisfaction of all concerned, that my wife, prior to our marriage, had been more or less the subject of chills and fevers for about eighteen months, having tried various remedies without success, and was very much reduced in flesh. A few days after our marriage, she commenced with Spencer's Pills, and in a day or two afterwards with Hull's Pills; she used about half a box of each; the result was a radical cure. She regained her health and strength very rapidly, and has had no return of Chills and Fever since. I believe these Medicines to be harmless and safe; and when used as specifically directed, are attended with satisfactory results.
